Sir:

without deceptive intent. Applicants have upon review of the U.S. application as filed determined that Messrs. Thwaites and Patel are co-inventors of certain subject matter of the present application. In accordance with 37 CFR § 1.48(a)(1), we are attaching a declaration from Mr. ~~XX~~ ^{Patel} declaring that the claims prepared and filed by U.S. patent counsel include subject matter which was invented by him, and that the error in inventorship occurred without deceptive intention on his part. (Exhibit 1).

We have also attached a supplemental declaration of the joint inventors as required by 37 CFR § 1.63 (Exhibit 2), and the written consent of the assignee (Exhibit 3).

Based on this timely filed request, the application should be amended to recite the correct inventorship as described herein.

III. Conclusion

For all of the foregoing reasons, applicant respectfully requests that this petition to correct inventorship be granted by amending the subject application to add ~~XX~~ as a joint inventor.

Bimal Patel

Respectfully submitted,
